INDUSTRIAL TRAINING

On

Embedded System Design and Internet of Things (IoTs)
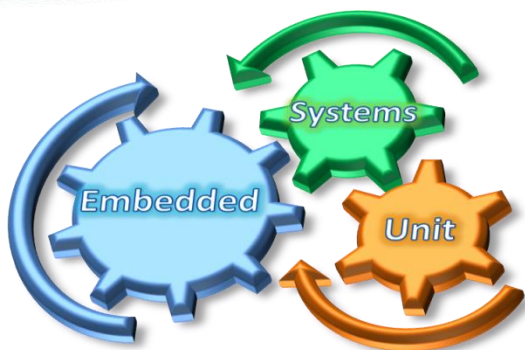

Embedded System Design:

➢ Familiarization to Embedded Systems, Classification and Designing
➢ Hands on practice on Embedded Controllers
➢ Development of projects based on Real-time applications of Embedded Systems

Internet of Things (IoTs):

➢ Concepts of IoTs and Embedded IoTs
➢ Role of Embedded systems in IoTs
➢ Embedded Programming for IoTs

Training Module Coordinators:

Dr. Kanika Sharma
Phone No. 0172-2759629, Email: kanika@nitttrchd.ac.in
Mr. Ashok Kumar
Phone No. 0172-2759634, Email: ashok@nitttrchd.ac.in

Accommodations: Hostel Facilities are available at reasonable rate, details may be obtained at the following link: Hostel Facilities
